To whom it may concern

Mrs. Kirsten Mogensen was Chief Press Officer at Aceh Monitoring Mission from 15 September 2005 to 15 March 2006.

As such she was the leader of our Press and Information Department with three international and three Indonesian employees. The Press and Information Department wrote press statements, organised press conferences, received journalists from around the world, monitored what the media told about the mission, wrote news daily summaries, created and updated the AMM webpage, took pictures to document the work of the mission, etc.

As Chief of Press and Information, Kirsten Mogensen reported to the Head of Mission and his deputies. I personally cooperated with her on a number of field trips and also during periods where I was acting Head of Mission.

The Chief of Press participated in weekly meetings in the Commission on Security Arrangements (COSA) where top representatives of the parties discussed plans for the peace process and problems of concern. Kirsten Mogensen was trusted by both parties in the peace process and cooperated with both parties on communication tasks.

I can recommend Kirsten Mogensen to similar positions in other missions.

Yours sincerely

Jaakko Oksanen
Maj. General
Deputy Head of Mission

10 April 2006
