

## Patchwork Gilde Austria

The Patchwork Gilde Austria was founded in 1996 and has now 880 members . Our annual show always takes place in another province of Austria in October.

Our aim is to promote textile art ,patchwork and quilting, bring the quilters of our country together , to provide information about new things happening in the quiltworld with our quarterly published newspaper „The Pinwand“ and finally let people know about group-meetings and smaller shows all over Austria.
