

# Summary:

## Wednesday 7. October:

1. Choosing logo
2. Future topics
3. Commissions
4. Preparing work with leaflets

1.:

We have chosen a logo made by a boy from Spain ☺

2.:

Everybody has agreed on the agenda made by Roldan about topics.

3.:

Every country choose their own way to find out who will join their commission. Finland has made a document - an application form - we can use. The commission should be constituted by the 1. of December. The coordinator in each country is the president of the commission. Mads will write a report on every meeting - the presidents will send him documents, summaries and so on to help him make the report.

There will be a space on the website to upload a picture of each commission.

4.:

It is important that the local community are included in the project and know about its purpose. For that we will produce a leaflet.

What should be in it?:

Logo, Erasmus+, a brief summary about the project, headlines, lots of pictures, topics, short presentation of the schools

Cyprus will make the leaflet. Every country has to send headlines / short description, pictures to choose from.

Cyprus will finish the leaflet in the end of November.

## Thursday 8. October

1. Kommunikation
2. Next meetings
3. Budget
4. The webside
5. Documents
6. Topics

1.:

We will use "Whatsapp" for short information, pictures and so on. Roldan will create a group. Everybody have to sign up to the app, and Roldan will make you a part of the group.

It is very important that we keep responding to emails very quickly.

Twinspace and Etwinning - we will wait for the new improvements (we talk about it tomorrow)

Skype: we can use Skype if the Etwinning and Twinspace makes trouble. Anders will set up the connection. Every country have to download the program "skype" (computer or app), and Anders will send the codes and passwords.

2.:

The meetings will last two days - Thursday and Friday.

Next meeting will be 25. and 26. of February 2016 in Cyprus.

The meeting in Hungary will be from 11.-15. of April 2016  
(arriving Sunday latest)

When there are children included in the meetings (Hungary, Holland and Spain), it will be from Monday to Friday (both days included). Minimum 5 children.

Be sure to tell the number of boys and girls and the teachers to the host-country in good time. Have the detail about who are travelling to Hungary ready for the meeting in Cyprus.

3.:

There are more rules than last time. You have management-money and you have travelling-money.

4.:

To upload to the website you have to go to [www.bricksite.com](http://www.bricksite.com) - change the languages to English ☺

To upload to homepage start like this:

Edit-> insert content -> choose text/picture

5.:

Every country has to fill in a form - Europassmobility - you have to contact your own agency to get it. Fill in the form to the country who hosted the last meeting, they will fill in some of the pages and return it, and then you send it to your own agency. If problems you must contact your own agency.

6.:

Every country write a beginning of a fairytale and send it to the next country in line. The pupils will write a new "chapter" and make drawings and sent it to the next country in line. The country who writes "The END" sent the whole storie to Finland, who will take all six stories and turn it into one Fairtalebook. Every text and drawings must be digital - then Finland will be able to edit it.

Finland will make a schedule with deadlines and so on.

The line to mail the stories in: Cyprus - Finland - Hungary - Holland - Spain - Denmark

We can make a disc with the stories to hear to put into the book. Every country find out a way to involve pupils with different age and special needs.

## Friday 9. October:

1. The topics
2. Etwinning
3. Certificates
4. Communication - skype

1.:

### Spain:

The country we visit will show how they teach language.

### Holland:

Technologies to preserve environment: fx windmills, sunenergi, recycling.

The pupils can learn about what they can do themselves to help the environment. They can find out how we make energy - which way are best for the environment.

Every country choose a topic near to themselves. It can be: Sunenergi, windmills, recycling and so...

19. November we have to tell Holland two topics we want to work with - we only has to work with one (only to be sure we all have different once ;-). How to say hallo, thank you...

### Hungary:

Dictionary - the children can teach each other in there languages

In Hungary the children can teach each other about the things they found out about the environment (powerpoints and so on)

At the last meeting the children can work with all the topics

Cyprus:

Assesments:

Information about the project in a leaflet - put in the link to our website.

Make questionnaires - Hungary will mail a model to inspiration.

Make graphs - before and after a meeting - questions like: Do I dare to talk to strangers in English?

Graphs to show the improvement of their English. Every country have to grade the pupils who are involved in the project: not very good, good, very good, excellent. You mail the result in procent to Cyprus. Later on we do it again and we can see if there is any improvement;-)

For more information look in the papers made by Roldan:

"Communication among partners"

2.:

Everybody has to register at Etwinning. Roldan will invite you to join the group. Twinspace will come later - it's not working yet.

3.:

Denmark will make a model with logo and so. We will mail you the certificate with schoolstamp and the right signatures

4.:

We will skype Wednesday 11.00-12.00 (Finland and Cyprus  
12.00-13.00)

First time 4. November - and every two weeks - the "skypedays"  
will be in the calender on the website

The line to start in: Cyprus - Finland - Hungary - Holland - Spain  
- Denmark

Before the first session every child s "It's me" should fill out  
the form

Subjects to talk about:

The first session: "It's me"

16. of December: Christmas carols
